LV65	2003	Kitty Garnett	Clayton	57.19
LU20	1998	Amy Green	Spenborough	40.11

In the 2005 race three records were broken, all in the veteran classes. Jennifer Adams took 3mins 11secs. of Christine Leathley's FV55 time. Ted Orrell continued to set standards by slicing 1 min. and 5 seconds off Ross Jacques' excellent record set in 2003. However the performance of the night, in terms of breaking records, had to be Lawrence Chew who took 11 mins. and 4 seconds off Richard Packer's previous time.

This race was born out of the concern of Colne Lion, Terry Walsh, who like millions of other people was distressed by the plight of the Ethiopian people who were starving back in 1986. It was Terry's idea to organise this race to help in even a small way. At the beginning this was a '7'-mile race but in 1993 it was re-measured to make it a 10km event. The money raised from this race has been used by Colne Lion's to help the less fortunate members of the Colne community. The race ends in the grounds of Park High School where Terry Walsh was the caretaker.

Terry Walsh lost his own race against cancer in 1998. RIP.

In 2003 Burnley Lions Club took over responsibility for organising this race. All other aspects of the race remain unchanged.

Thank you for your continued support.

Gerry McCabe
